## **Report on Capacity Building Workshop: “Empowering Students with Digital Tools”**

Date: 10-11 May, 2023

Venue: Room No. F1-08 & G-4

Timing: 09:00 am – 03:30pm

In the rapidly evolving digital era, equipping students with essential digital skills has become paramount for academic success and real-world applications. To address this need, the Department of Sociology organized a two-day workshop titled "Capacity Building: Empowering Students with Digital Tools" on 10<sup>th</sup> and 11<sup>th</sup> May, 2023. The workshop's primary objective was to provide students with the necessary digital acumen and tools relevant to academic research and practical endeavors. By embracing various digital technologies, the workshop aimed to empower students to navigate the dynamic technological landscape effectively, enriching their overall learning experience.

The workshop, led by esteemed resource persons from different departments, including Ms. Mandrita Saha (Assistant Professor, Department of Commerce), Ms. Kianguiliu Pamei (Library In-Charge), and faculty members from the Department of Sociology - Ms. Sentienla, Mr. Joel L. Darlong, and Ms. Genesis Debbarma, commenced with an inauguration ceremony, setting the tone for the two-day program. On the first day, the resource persons emphasized the importance of digital tools in today's technologically advanced world and their significance in the field of sociology. Throughout the workshop, students were engaged in interactive sessions on Google Tools for Research, photo scanning techniques, and geo-tagging applications. These practical sessions provided hands-on experience, enabling students to digitize physical photographs and documents, and tag locations using smartphones and GPS-enabled devices for social research and data collection.

On the second day, students were guided through accessing the eLibrary and utilizing academic journals and databases for in-depth research. The highlight of the workshop was the activity segment, where students applied their newfound skills to digitize historical documents and geo-tag essential locations, fostering a deeper understanding of digital tools' practical applications.

The "Capacity Building: Empowering Students with Digital Tools" workshop proved to be a resounding success, equipping students from the Department of Sociology with crucial digital skills to excel academically and thrive in the ever-evolving digital landscape. The workshop's holistic approach, combined with hands-on learning, enhanced the students' digital literacy and overall educational experience.

**Two-Days Capacity Building Workshop on “Empowering Students with Digital Tools”  
10<sup>th</sup> and 11<sup>th</sup> May, 2023**

**CONCEPT NOTE:**

The Department of Sociology organized a two-day workshop titled "Capacity Building: Empowering Students with Digital Tools" on 10th and 11th May 2023. The workshop aimed to equip students with essential digital skills and tools, fostering their proficiency in digital technologies relevant to academic research and real-world applications. By familiarizing students with various digital tools, the workshop sought to empower them to adapt to the fast-changing technological landscape, enhancing their overall learning experience.

**OBJECTIVES OF THE WORKSHOP:**

The workshop had the following key objectives:

1. To familiarize students with various digital tools and their applications.
2. To enhance students' technical skills and digital literacy.
3. To empower students to utilize technology for academic research and practical projects.
4. To enable students to leverage digital tools for data analysis and presentation.
5. To encourage students to adapt to the fast-changing technological landscape.

**LEARNINGS AND OUTCOME:**

Upon completion of the workshop, the students from the 2nd, 4th, and 6th semesters of the Department of Sociology were expected to achieve the following learning outcomes:

1. Acquire proficiency in using Google Tools for academic research and collaboration.
2. Develop skills in photo scanning techniques to digitize physical photographs and documents.
3. Demonstrate the ability to apply geo-tagging applications for social research and data collection.
4. Access and utilize the eLibrary effectively for in-depth research using prominent databases.
5. Apply the learned digital tools to practical exercises, enhancing their understanding and competence.

To  
The Principal  
Holy Cross College, Agartala

Subject- Permission to conduct a workshop on Capacity Building

I am writing to propose a workshop on Google Drive, Geo-Tagging Pictures, and Photo Scanning, on 10<sup>th</sup> and 11<sup>th</sup> of May 2023 With a theme "**Capacity building Workshop: Empowering Students with Digital Tools**". As technology continues to advance, it is important for students to learn how to effectively use these tools in their academic lives.

The workshop will focus on teaching students how to use Google Drive to store, share, and collaborate on documents, presentations, and spreadsheets. In addition, we will cover how to take geo-tagged pictures using mobile devices and how this feature can be useful in the process of documentation. We will also demonstrate how to scan photos using scanners and mobile devices to create digital copies for archival or sharing purposes.

The workshop will be conducted by faculty members of the department, Mandrita Saha, Assistant Professor, Department of Commerce and Kianguiliu Pamei, Library in-charge who are well-versed in these technologies. Participants will have hands-on experience with the tools, and there will be opportunities for questions and discussion throughout the session.

The workshop will be open to students of department of Sociology. We believe that this workshop will enhance the technical skills of our students and prepare them for the ever-changing technological landscape. We kindly request your support in allowing us to host this workshop on campus. We believe that this workshop will benefit our students greatly and contribute to their overall academic development.

## Capacity Building Workshop: Empowering Students with Digital Tools Organised by Department of Sociology May 10 – 11, 2023

### PRACTICE SESSION

**Instruction: Students need to scan the given materials and save them as PDF files, then upload them to your Google Drive and share them in your respective Google Classroom under the assignment file created**

H2: Materials for HERBERT SPENCER from-

1. Sociological Theory - George Ritzer - Chapter 1
2. Sociology by Donald Light and Suzanne Keller
3. Essentials of Sociology: A Down-to-Earth Approach - James M Henslin (Separate PDF for each thinker)
  - Auguste Comte and Positivism
  - Herbert Spencer and Social Darwinism
  - Karl Marx and Class conflict
  - Emile Durkheim and Social integration
  - Max Weber and the Protestant Ethics

H4: Materials for Population from-

1. Essentials of Sociology: A Down-to-Earth Approach – James M Henslin – Chapter 14 (only the population part – Population in Global Perspective)
2. Sociology: Themes and perspectives by M Haralambos – Chapter 4: Page 140 to 144
3. Principles of Population studies by Asha A. Bhende & Tara Kanitkar
  - Chapter 14: India's Population Policy – page 486 to 495
  - Chapter 14: India's Population Policy – Page 495 to 519
  - Chapter 14: India's Population Policy – Page 525 to 549

H6: Materials for Industrial sociology from-

1. Essentials of Sociology: A Down-to-Earth Approach – James M Henslin – Chapter 15 (**How Technology is changing our lives:** Extending human abilities, the sociological significance of technology, When old technology was New: The impact of the automobile, The New technology: The Microchip and Social Life)
2. Urbanization and Urban systems in India by R. Ramachandran (Separate PDF for each chapter)
  - Chapter 3: Urbanization Processes
  - Chapter 4: Definition of Urban Places and Areas
  - Chapter 5: Patterns of Urbanization
