On the 18th December 2023, eight student Social Workers visited **The Missionaries of Charity Sisters**. The aim of the Organizational visit is to make students expose to the first-hand

experience in the fields of various organizations, their functions, activities carried out by the organizations, which will made the students learn and put in practice during their concurrent field work.

"The aim of the Missionary Sisters of Charity is to devote themselves heart and soul and exclusively to the material and spiritual welfare of all destitute people, the helpless poor, neglected children, the abandoned sick, lepers and deserving beggars - in short all those unfortunates who, either through their own neglect or through lack of public concern, are left to drift through life without help or hope."

The Missionaries of Charity Sisters, founded by Mother Teresa in 1950, have made a significant impact worldwide through their charitable works. One such establishment is Nirmala Shishu Bhavan in Tripura, founded in 1997. Originally functioning as an orphanage, old age home, and psychiatric center, it has now transitioned into an old age home for female inmates. This facility provides shelter and care for homeless women, particularly those with mental challenges and disabilities. Their compassionate work continues to serve vulnerable populations, upholding the legacy of Mother Teresa's mission to care for the poorest of the poor.
