5. P.S. to the Hon'ble Vice-Chancellor, Tripura University

SUGGESTIONS OF THE INSPECTION COMMITTEE:

Business Management:

- a) Recruitment of additional minimum five (5) Assistant Professors to balance diverse skill and knowledge (general and specialized courses) requirements of the program.
- b) Management books collection (specialized courses) needs to be strengthened with more emphasis on e-books with latest titles from reputed publishers with national and international recognition.
- c) Equip library with good research journals (e.g., marketing, finance, HR and general management journals); may be online version (listed in SSCI, Web of Science).
- d) Equip library with modern data analysis tools (e.g., SPSS, PLS) for creating a research culture.
- e) Arrangement of minimum seven (7) dedicated class rooms for management (BBA+MBA) with necessary infrastructure (e.g., Wi-Fi, Projector, smart board etc.)
- f) The college should go for AICTE approval of MBA programme in due course of time.

5. P.S. to the Hon'ble Vice-Chancellor, Tripura University

SUGGESTIONS OF THE INSPECTION COMMITTEE:

Microbiology:

The college needs to create the basic minimum facilities for running the courses independently without compromising other ongoing B.Sc. courses, as this (B.Sc. in Microbiology) course needs ample hands-on training.

The college needs to shortlist faculty members as per UGC norms.

The college needs to carefully select the elective courses that can be selected by the students opting for this course.

Mathematics:

In the subject Mathematics, even though the number of books is good and some have been ordered to be procured soon, the number of books should be increased as per the requirement of the NEP2020 syllabus. At present there is no dedicated faculty in mathematics. The college has advertised the posts to be filled up soon. The process for the procurement of faculties should be done immediately after getting the affiliation. It will be better to have dedicated Computer laboratory for the mathematics with well qualified software and the instructor with update software knowledge. Number of class rooms should be increased as the number of semesters will increase.

Geography:

The College will allot the class rooms & laboratories (for practical & for computer-assisted practical) for the Department of Geography only which will not be in sharing basis. All the rooms will be equipped with long wide benches with stools. Theory class rooms should have projectors. For computer-based practical, the department should have a computer laboratory so that the students can practice or prepare their practical work during off-time. Faculty recruitment procedure should be properly maintained. Laboratory equipment will be procured in sufficient number. Library books will be purchased as per the references provided in the syllabus.

Computer Science:

The college needs to improve the infrastructure and faculty strength for new course.

Psychology:

- a) The College may release the advertisement for faculty recruitment in local and national newspapers along with posting it on the college website. This may help the college to create a larger pool of applicants.
- b) The selection committee may be constituted as per UGC rule.
- c) Facility for practical classes and lab materials may be established.

Physical Education:

- a) Minimum two nos. of qualified faculty required.
- b) One no. of Ground staff required.
- c) Procure/ Purchase more nos. of related books for library.
- d) Procure/ Purchase more nos. of sports equipment for regular activities/ practical classes.

Education:

1. Before starting the course faculty of education should be recruited abiding by the UGC norms
2. Proper library should be established having books and journals related to Education subject.

NCC:

- a) Minimum two nos. of ANO / qualified faculty required.
- b) One no. of store keeper required.

16/06/23

- c) Procure/ Purchase more nos. of related books for library.
- d) Procure/ Purchase equipment/ items for regular activities.

Bachelor in Social Work:

1. The college needs to recruit candidates with MSW backgrounds.
2. Students from multidisciplinary backgrounds should be admitted.

Economics:

The college needs to employ the teachers of Economics.

Statistics:

The Holy Cross College administration needs to assign enough instructors.
