**4.2.1 Library is automated using Integrated Library management System (ILMS)**

The College library is using integrated Library Management Software LIBNET v .3.0. for its Library Management. The online public access catalogue (OPAC) of the central library provides access to bibliographic records of the library resources both print and non-print such as books, periodicals and electronic resources. The bibliographic record is searchable by author, title, subject, publishers etc. Eleven computers are available for these purposes

| Name of ILMS Software | LIBNET |
| --- | --- |
| Nature of Automation | Fully Automated |
| Version | 3.0 |
| Year of Automation | 2006 |
