

ONE DAY HANDS ON TRAINING ON

START UP FOR COMMERCIAL USE OF PISCICULTURE

Date: 13th July, 2023

Organised by

Department of Zoology

Holy Cross College

in College of Fisheries, Lembucherra

To
The Principal,
Holy Cross College, Agartala.

Subject: Prayer for arranging 1 day hands on training programme on start up for commercial use of pisciculture at College of Fisheries, Lembucherra, Agartala.

Respected Father,

This is to inform you that the department of Zoology is planning to arrange 1-day hands on training programme on start up for commercial use of pisciculture at College of Fisheries, Lembucherra, Agartala for 2nd semester zoology honours students. This training programme will be immensely beneficial for our students as well as for us in setting up and maintenance of the fish tanks in the college campus. In this regard, I on the behalf of the department would like to seek your kind permission for the same and oblige thereby.

Dated, Agartala
The 23rd June, 2023.

Subject: Prayer for arranging 1-day hands on training programme for 2nd semester Zoology Honours students on start up for commercial use of pisciculture at College of Fisheries, Lembucherra, Tripura.

Respected Sir,

With due respect and honor, it is stated that a need has been felt for arranging 1 day hands on training programme for 2nd semester Zoology Honours students on 'start up for commercial use of pisciculture' at College of Fisheries, Lembucherra, Tripura. This is to inform you that Holy Cross College is setting up fish tanks in the campus and we are in need of seeking guidance and help from your expert group of faculty members for setting up and maintenance of the fish tanks. In this regard we want a hands-on training programme to be arranged at College of Fisheries. I believe that the aforesaid training programme would be of immense help to the students and the faculty members. Therefore, I request you to kindly allow us to arrange the workshop in College of Fisheries, Lembucherra and oblige thereby.

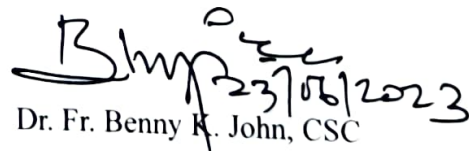

Dated, Agartala
The 23rd June, 2023.

Your's sincerely

Dr. Rumki Nath Sen
Head,

REPORT ON ONE-DAY HANDS ON TRAINING ON "START UP FOR COMMERCIAL USE OF PISCICULTURE"

Date: 14.07.2023

A one-day hands on training on "Start up for commercial use of Pisciculture" was organized by the Department of Zoology, Holy Cross College, Agartala on 13th July, 2023 at College of Fisheries, Lembucherra. The workshop was attended by Dr. Anamika Bhaumik, Assistant Professor, Dept. of Zoology and 26 students of 2nd semester Zoology Honours. The hands-on training programme started with an enriching lecture by the resource person Dr. Pradyut Biswas, Assistant Professor, College of Fisheries on various aspects of pisciculture and biofloc technology. We had a fruitful interaction with the resource person and were benefitted from his expertise about the intricacies of pisciculture. Mr. Debabrata Roy, Technical Officer, College of Fisheries gave us an elaborate description about the rich collection of different fish species in the fish museum and the fish barcode museum. The fish museum is registered as the one with the greatest number of preserved fish specimens in the country. We were enthusiastic about the display of different ornamental fish species in the large fresh water aquariums. Along with these there was an elaborate display of various endemic fish species which are available in North-East like *Bangana devdevi*, *Mystus prabini*, *Garra arupi*, *Channa aristonei* etc. All the state fishes of North-East were also shown to us like *Ompok bimaculatus* (state fish of Tripura), *Neolisochilus hexagonolepis* (state fish of Nagaland, Mizoram and Sikkim), *Osteobrama belangiri* (state fish of Manipur), *Semiplotus modestus* (state fish of Mizoram) etc. The resource persons gave us a tour of the different setups and infrastructural facilities available in the college such as carp hatchery, breeding tanks, stocking tanks, Pabda hatchery, koi biofloc unit, fish tanks, larvivorous fish rearing unit, Tubifex rearing unit, Azolla cultivation unit, ornamental fish unit, feed mill, dry fish processing centre and fish kurkure processing centre highlighting the different activities that are carried out and their significance. Students were highly benefitted from the hands-on training programme as it gave them an opportunity to explore the various aspects of pisciculture which enhanced their critical thinking skills in this area. The report is prepared by Dr. Anamika Bhaumik, Assistant Professor, Dept. of Zoology, Holy Cross College.
