OBSERVATION OF NATIONAL ENERGY CONSERVATION DAY, 2023

Organized By- Science Forum, Holy Cross College, Agartala

Sponsored By- Tripura Climate Change Cell

**Department of Science, Technology and Environment
Government of Tripura**

"National Energy Conservation Day" is observed annually on 14th December to promote awareness about the importance of energy conservation and sustainable practices. Science Forum, Holy Cross College (HCC), Agartala, organized 'State Level Inter-College Photography Competition' sponsored by Tripura Climate Change Cell, Department of Science, Technology & Environment (DSTE), Government of Tripura.

The primary aim of the event was to educate and engage students' community to spread the awareness about energy conservation and fostering a sense of responsibility towards sustainable energy consumption and promoting initiatives to reduce the carbon footprint.

Participants were tasked with capturing images that depicted energy conservation efforts, renewable energy sources, and the impact of energy-efficient practices on the environment which was divided into four different themes such as- (i) Renewable Energy in Action, (ii) Energy Efficiency at Home, (iii) Green Transportation & (iv) Industrial Energy Conservation.

The competition was open to all the undergraduate and postgraduate students of higher educational institutes of Tripura to capture the essence of energy conservation through their lens. This competition sought to engage young minds creatively and communicate the importance of sustainable practices. To encourage the students the registration for the event was kept free of charge.

Total 76 graduate and post graduate students from 22 disciplines of 8 different Institutes across Tripura enthusiastically registered in the photography competition. The response reflected the students' eagerness to contribute on energy conservation through a unique and visually compelling medium.

The exhibition was conducted on 20th December, 2023. The submitted photographs showed how much concerned the beautiful minds of today's young generation are regarding our environment. Judgment
