Subject: Seeking permission for conducting One day Visit to the Meteorological Centre, Agartala on 28th February, 2025 at 10.00 am

Respected Father,

With due respect, I would like to state that the Department of Geography is planning to organize a One-day visit for Semester III (Major and Minor) students to the Meteorological Centre, Agartala on 28th / 27th February 2025 at 10.00 am. This visit is necessary for the students since it is part of their 3rd semester syllabus (Paper GE-302C Climatology and Paper GE 301M Physical Geography) and it will enhance the knowledge of the students on the various instruments which are used by the Meteorological Departments across India to analyse the daily weather conditions.

Therefore, I shall be grateful if you kindly permit us to conduct this visit.

Details of the visit:

Number of students: 22 (Major) and 08 (Minor) Total = 30

Number of Faculty: 2

Programme Schedule:

Starting from the college: 10.30 am

Meteorological Centre Visit: 11.00 am to 12.00 pm

Return to the college: 12.30 pm

Thanking You,

Yours' Faithfully

Susmita B.

REPORT

One Day Visit to Meteorological Centre, Agartala

Held on: 27.02.2025

The Department of Geography, Holy Cross College organized a One-day visit to Meteorological Centre, Agartala, for the Semester III Major and Minor students on 27th February 2025 under the supervision of Dr. Susmita Bhattacharjee and Mr. Utpal Rudra Paul. The visit was compulsory for all the major and minor students of Semester III. A total of 29 students participated in the visit which was organized with the purpose of providing practical knowledge of the methods and various instruments used for weather reporting, which is an essential part of their Semester III syllabus Paper GE 302C Climatology and GE 301M Physical Geography.

The major portion of the practical in the present semester is the measurement of temperature, humidity and atmospheric pressure by using different thermometers and barometer, and also interpretation of daily weather map prepared by Indian Meteorological Department. The visit helped the students to practically see the various instruments used for measuring wind speed, wind direction, cloud cover, rainfall etc. which are used for preparing the daily weather map. Dr. Rana Das (Meteorologist A) took the students all around the centre and gave a detailed explanation of all the instruments like dry and wet bulb thermometer, Rain Gauge, Anemometer, Campbell stokes sunshine recorder, S- band doppler weather radar (DWR), Automatic Weather Station and many more.

The visit to the centre has been very fruitful for both the major and minor students since due to this visit, they could relate everything they have been doing in the practical laboratory with the ground truth.
