**Training and Project Awareness" Session Under
Project Manav-The Human Atlas Initiative**

**How To Read Scientific Literature &
Introduction To Manav-The Human Atlas Initiative**

Date: 14th July, 2021

REPORT

An Online "Training And Project Awareness" Session was organized by the Department of Botany and Department of B.Sc. General Bioscience, Holy Cross College, Agartala, in collaboration with Persistent Systems, National Centre for Cell Science (NCCS) and Indian Institutes of Science Education and Research (IISER), Pune, on 14th July, 2021, under the Project Manav- The Human Atlas Initiative; funded by Department of Biotechnology (DBT), Government of India, in collaboration with Persistent Systems, National Centre for Cell Science (NCCS) and Indian Institutes of Science Education and Research (IISER), Pune.

The topic of the session was "How to read scientific literature & Introduction to MANAV- The Human Atlas Initiative". The aim of the webinar is to initiate students into scientific reading, an important skill to learn to be successful in any field of science be it academics, research, or policymaking. This session was based on a preliminary training on how to understand, extract and collect information from millions of scientific papers, books and web content and to use annotation tool being developed to collate, curate, manage and visualize this scientific information. Therefore, it is empirical to teach students about the importance of reading scientific literature and how to efficiently extract information from research articles. The speaker of the session was Dr. Anupma Harshal W., Consultant (Science Communication and Public Engagement), MANAV Human Atlas Initiative, IISER, Pune.

There was no Registration Fee for the participants. 750 Students/Teachers/ Researchers from various parts of India as well as from outside India registered through the Google Form (Registration Link- <https://forms.gle/Vtnem8oBbgBYi1cy5>) for this online session. ~300
