Course Overview

Tourism is important in fostering the economic development of any country, as apart from being an employment driver, it is a vehicle for promoting sustainability, peace and harmony as well. Currently, Tourism contributes around 6% to the GDP of India. It contributed 4.2 crore jobs in the year 2019, which is a significant 8.1 per cent of the total employment in the country. With the growth in Aviation, Rail and Roadways and increasing digitalization, the sector is poised for a revolutionary growth in turnover.

Tripura is blessed by nature with abundance of unique natural resources and beauty. It claims itself to be an exotic part of "Incredible India" with all its immense potential for tourism industry. It is at such a backdrop that there is a growing demand of a pool of skilled manpower to cater to the need of the tourism industry and its subsidiaries in the region.

Tripura though draw lakhs of tourist every season, there is a dearth of qualified Guides. Tourist sites such as –Unakoti Archaeological site at Unakoti District; Tripureshwari and Bhubaneswari Temple, at Udaipur, Gomati District; Boxnagar and Pilak Archaeological site in Gomati and South Tripura respectively, Devtamura Hill Range, at South Tripura; Pilak, at Santirbazar, South Tripura; Malancha Niwas, Jagannath Temple, Pushpavanta palace, BenuvanBihara and Ujjayanta Palace at the heart of Agartala, West Tripura; Dumboor Lake, at Dhalai District, Tripura and Sepahijala Wildlife Sanctuary, at Sepahijala, Trishna Wildlife sanctuary in South Tripura and Jampui Hill range in North Tripura to name only a few.

The certificate course should able to take care of the problem, at least, to some extent. It has come to light that many unqualified persons and with no or faint knowledge of Tripura's cultural ethos and its history operate as tourist guides at most visited tourists spots of the State. In view of such a need, the college is going to launch this purely career oriented and professional certificate course. The basic objective of this course of study is to impart training, to prepare polished, skilled and professional young learners in managing the tourism activities.

Moreover, this course will provide a firm grounding in the subjects involved, to aid in the improving of analytical skills, to keep them in tune with historical events and their relevance and to help them develop a realistic and pragmatic perspective on local, regional and national issues pertaining to tourism. We believe that history has a lot of relevance even in today's world. It is important to understand the past in order to design the future. Tourism is an industry that has innumerable profit-making opportunities. Thus, this seems to be one of the most sought-after courses of recent times.

The Prospects

As the global hospitality industry evolves in a more integrated and digitally connected world, it's demanding that employees have more multidisciplinary skills and worldviews. This Certificate course will create career options such as tourism manager, travel agent, travel/counter executive, ticketing, documentation executive with travel agencies, tour operators, tourist guide, airlines, travel desks in hotels, transport and other hospitality sector.

Eligibility

Candidates applying for the Certificate course in Fundamentals of Historical Tourism and Heritage of Tripura must have passed class 12th examination or any other equivalent examination. The total marks secured in class 10+2 must be at least 50% aggregate.
