Report Special Lecture on "Harappan Civilization"

On 16th January 2025, the Department of History, Holy Cross College, Agartala, in collaboration with Bhavan's Tripura College of Teacher Education, Narsingarh, successfully organised a Special Lecture on the topic of "Harappan Civilization." The event was conducted under the ambit of the Memorandum of Understanding (MoU) between the two esteemed institutions. The lecture was delivered by **Dr. Uday Modak**, Assistant Professor, Bhavan's Tripura College of Teacher Education, and an expert in ancient Indian history. The session took place at **F-2-18, Board Room, Holy Cross College**, and commenced at 11:00 a.m., attracting a diverse audience comprising faculty members, history scholars, and undergraduate students.

Dr. Modak commenced his lecture by underscoring the significance of the Harappan Civilization, often referred to as the cradle of urban culture in ancient India. Drawing on archaeological evidence and scholarly interpretations, he elaborated on the socio-economic structures, urban planning, trade networks, and religious practices of the Indus Valley people. The lecture was enriched with vivid descriptions of significant Harappan sites like Mohenjo-Daro, Harappa, and Dholavira, accompanied by an engaging discussion on the techniques used for archaeological excavations and their contributions to unravelling ancient history.

The discourse also highlighted the advanced town planning system of the Harappan Civilization, particularly its drainage systems and grid-pattern urban layouts, which are marvels of ancient engineering. Dr. Modak emphasized the civilization's cultural legacy and its relevance in contemporary archaeological and heritage conservation studies. The lecture concluded with a thought-provoking interactive session, wherein students and faculty engaged in a stimulating discussion, posing insightful questions about recent findings and interpretations of Harappan artifacts.

The event was a resounding success, fostering intellectual growth and collaboration between the two colleges, and strengthening academic ties under the MoU framework. **A total of 44 students and Faculty Members have participated in the said Special Lecture.**
