Resolutions & Discussion

- ❖ The meeting was convened to discuss and plan the month-long program scheduled to be held from November to December 2024. The program aims to engage the local community, school students, and alumni through a series of events
- ❖ The first event discussed was a **Singing and Dancing Competition** for school students. It was decided that this competition would be held during the first week of November, inviting students from local schools to showcase their talents. The Alumni Association would work with the schools to spread the word and handle registrations. Prizes for the top performers were also discussed, with trophies and certificates proposed as awards.
- ❖ Next on the agenda was the **Health Camp** for the adopted village of Holy Cross College. This camp is planned for mid-November, with services like health check-ups and distribution of essential supplies
- ❖ A **Blood Donation Camp** will be organized on the Holy Cross College campus in collaboration with local hospitals. Scheduled for the third week of November, the camp will involve students, faculty, and alumni. Preparations include coordinating with blood banks and promoting the event to maximize participation.
- ❖ In addition to these initiatives, a **Book Donation Drive** will be carried out throughout November. Alumni will contribute educational books, which will be distributed to schools and community centers in nearby villages.
- ❖ The month-long program will culminate in a **Mega Musical Night** in December. This event will bring together alumni for a night of performances, including musical acts by current students and alumni. The evening will also feature speeches and reflections on the year's achievements and the association's future plans.
- ❖ The Alumni Association discussed plans to **issue ID cards** to all registered alumni members. These ID cards will help strengthen the bond between the alumni and the college and offer exclusive access to future alumni events and resources. The process of ID card issuance will begin shortly, with alumni members being asked to submit their updated information.
