

Observation of National Energy Conservation Day, 2023

State Level Inter-College Photography Competition: Capturing Energy Conservation Through Your Lens

Organised By

Science Forum,

Holy Cross College, Agartala

Accredited by NAAC with A+ Grade (Cycle:02)

Sponsored by

Tripura Climate Change Cell
Department of Science, Technology & Environment
(DSTE), Government of Tripura

Join Us in Preserving Our Planet:

This National Energy Conservation Day, let your photography be a powerful tool for change. Together, we can create a visual narrative that inspires others to adopt sustainable practices and contribute to a greener, more energy-efficient future.

Themes:

- ❖ **Renewable Energy in Action:** Capture the essence of renewable energy sources such as solar, wind, or hydropower and their role in preserving our environment.
- ❖ **Energy Efficiency at Home:** Showcase innovative and practical ways individuals or communities are conserving energy within their living spaces.
- ❖ **Green Transportation:** Highlight sustainable modes of transportation that contribute to reducing energy consumption and environmental impact.
- ❖ **Industrial Energy Conservation:** Explore how industries are adopting energy-efficient practices to minimize their carbon footprint.

Eligibility: Open to all UG & PG Students of Higher Education Institutions of Tripura.

Venue: Holy Cross College, Lembucherra, Agartala

Rules & Regulations for Submission of Photographs:

- ✓ Each participant is allowed to submit a maximum of one (1) entry only.
- ✓ Photographs should contain water mark or any identifying mark showing the date.
- ✓ Participants are required to submit one copy of photograph printed on high-quality photo paper (A4 size) for the photography competition
- ✓ Photographs that violate copyright laws, contain offensive content, or deviate from the competition theme will be disqualified.
- ✓ Each photograph must have a label on the back indicating the participant's name, semester, department, contact information, and the title of the photograph (ensure that the label does not mar the front surface of the photograph).
- ✓ Participants are responsible for securely packaging their photographs to prevent damage during transit. The photographs should be submitted in a sealed envelope or protective covering.
- ✓ Hard copy photographs must be submitted to Dr. Debasree Lodh, Assistant Professor, Department of Botany, Holy Cross College, Agartala.
- ✓ Late submissions will not be considered.

Submission Deadline: 15.12.2023

Registration Charge: Free

Last Date of Registration: 10th December, 2023

[Click Here to Register](#)

Judging Criteria: Entries will be evaluated based on creativity, relevance to the theme, technical skill, and overall impact. Our esteemed panel of judges from the field of photography and environmental science will determine the winners. Judging will be conducted based on the hard copy prints.

Exhibition and Awards Ceremony: Selected entries will be displayed in an exhibition at Holy Cross College, showcasing the talent and vision of our participants. The awards ceremony will take place on 20.12.2023, where winners will be announced and prizes awarded.

Ownership and Usage Rights:

By submitting hard copy photographs, participants affirm that they are the sole owners of the images and hold all rights to their work. The organizers reserve the right to display, reproduce, and publish the submitted photographs for promotional and exhibition purposes, with due credit to the photographer.

Prizes & Certificates will be given to the Winners.

e-Certificates will be given to all the Participants.
