Quiz Competition on Science for a Sustainable Future

About Quiz

Science and technology for a sustainable future help us understand our environment and our impact on it, which is essential for making intelligent decisions about how to use our resources. It can also help us find solutions to problems, such as climate change and pollution, and improve the quality of life for all people. The main objective of this event is to encourage young minds and spread awareness about the sustainable development.

Eligibility

Undergraduate students (UG) and Postgraduate students (PG) from any recognized institution are eligible to apply

***All the registered participants will be provided with e-certificates.**
