

World Environment Day
5th June, 2023

International Level Reel (Short Video) Making Competition

THEME: SOLUTIONS TO PLASTIC POLLUTION UNDER THE CAMPAIGN #BEAT PLASTIC POLLUTION

The 2023 World Environment Day campaign #BeatPlasticPollution calls for global solutions to combat plastic pollution. Join us for the 2023 #World Environment Day celebrations because we can #BeatPlasticPollution.

ORGANIZED BY- ECO & NATURE CLUB

HOLY CROSS COLLEGE, AGARTALA

Accredited by NAAC with 'A+' Grade (Cycle 2)

A STEP TOWARDS
BETTER TOMORROW

Submission Date: 4th June to 12th June, 2023

Registration Charge: Free

Anyone can Participate, there is No Age Limitation

You have to make a Reel (Max. 60 Seconds and below 100 mb) on Solutions to plastic pollution under the campaign #BeatPlasticPollution. In the Reel (short video) you have to make your own video including your face (for authenticity).

If any Reel is found without your face or copied or downloaded from any other source, in that case your participation will be cancelled from the competition. Jury members decision will be considered as final.

Winners will be given the certificates.

One participant can submit one reel only.
